##### **Volunteer of the Month**

The past year has been anything but ordinary but our amazing Shelburne Volunteer Fire Dept and Ladies Auxiliary managed to keep connected to the community and show their support during some difficult times all while providing excellent emergency response service to the residents of the Town and parts of the Municipality.

The SVFD participated in a show of support for our local RCMP detachment in the Spring, organized a very noisy appreciation parade to our essential workers/businesses that did a great job keeping their operations open and staffed during these unprecedented times, they were a part of a 100<sup>th</sup> Birthday parade and organized their own Santa Claus Parade in December through all the streets of Shelburne as they wanted to bring Santa to the children and residents. The Ladies Auxiliary were able to successfully organize a safe and well attended Breakfast with Santa and Craft sale following all public health measures. These two events brought many smiles to the community.

For all the SVFD and Ladies Auxiliary have done and continue to do for us, the Town of Shelburne's CP & V Committee recognizes them as the Volunteer of the Month for January.
